Naturally inspiring taste

Introduction

The Jamar company was established in 1998. We produce vegetable and fruit products, and our products have been well known on domestic market as well as abroad. The company's offer includes a wide range of food products. The most important ones are: vinegars, canned vegetables, tomato purees, sauces, fruit preserves, dinner additives. We work only with professional, Polish growers who provide us with raw materials of the best quality. We use plant varieties with the best parameters for sowing. Crops are supervised and monitored by our agro managers who make sure that raw materials for processing meet the requirements of IFS certificate (an international food safety standard), are of the best quality and have high taste and nutritional value. Our products are appreciated by consumers.

The product portfolio consists of two consumer ranges so that everyone can choose products to suit their own preferences.

Jamar brand – these are the company's flagship products marked „Love Energy“, that relates directly to the quality of the raw materials from which we produce our products.

Jamar BIO brand – is a new product line prepared especially to meet our customers' needs. The concept of Jamar BIO line products is an offer for those who take care of healthy eating habits. Raw materials come from certified organic growers with whom we cooperate to ensure they are 100% ecological. Jamar BIO line is characterized by naturalness and simplicity. Love the energy of BIO vegetables and fruits!

We invite you to take a look at our product portfolio.
